River Toll Bridge Commission Selects Executive Director

Feaster Named To \$17,000 Bridge Post

MORRISVILLE, Pa., May 24 (AP) — The Delaware River Joint Toll Bridge Commission, reorganizing after charges of lavish spending in the past today elected New Jersey Dep. Atty. Gen. George L. Feaster as its executive director.

Feaster was named the commission's administrative head for a one-year period at a \$17,000 salary. The commission has never had a full-time executive director.

In other action at its regular monthly meeting, the commission split along state lines in rejecting a move to reconstruct the Easton-Phillipsburg, N. J., free bridge, which was washed out by floods last August. Five Pennsylvania members voted for the proposal. Five New Jersey members voted against it. It takes a majority from each state to pass a motion.

New Jersey State Highway Commissioner Dwight R. G. Palmer then suggested preliminary studies for a new six-million dollar span but the commission was not able to agree.

Charges of lavish spending and waste were leveled at the commission several months ago by Gov. Leader of Pennsylvania and Gov. Robert B. Meyer of New Jersey. None of the present commissioners were involved in the charges. The new commission has adopted new by-laws and purchasing rules designed to eliminate past practices.

One of the recommendations made by probers from both states was that an executive director be named to run the commission's everyday affairs. The probers criticized the previous policy of having several commissioners act as a salaried executive committee. A suit is now pending in Pennsylvania courts to determine whether the commissioners' salaries were legal.

Salary

Feaster, of Plainfield, was one of the probers from his state. He acted as counsel for the New Jersey Highway Department.

Palmer nominated Feaster as executive director. Gene D. Smith, counsel to commission member Charles Barber, objected. Smith, acting in Barber's absence, said he saw nothing in Feaster's record to indicate administrative experience. Palmer said he was certain of Feaster's competence.

Weldon Heyburn, another Pennsylvania member of the commission, objected that the salary was too high. Heyburn, who is also chairman of the Delaware River Port Authority, said the executive director of that body gets \$25,000 a year.

Joseph Lawler, acting commission chairman and Pennsylvania's highway secretary, said other authorities pay far more to executive directors.

Lawler, Gus Verona, and John Fullam provided a majority for Feaster on the Pennsylvania side. Smith and Heyburn abstained. All five New Jersey members voted for Feaster.

William H. Wilson, who had been acting executive director, reverted to his old post of chief engineer. His salary was cut to \$14,500. It had previously been cut from \$25,000 to \$17,500.

Robert L. Finley, New Jersey's deputy state treasurer, announced that two cars the commission owned have been sold through his state's purchase and property division. He said an airconditioned Cadillac brought 16 bids and was sold for \$4,000. A Packard brought \$2,100, he said. Both cars were involved in the charges of lavish spending.

Daniel Counters With Charge At Trial

NEW YORK, May 24 (AP) — Thomas G. Daniel, formerly of Warren, Ohio, today accused the district attorney's office of including a witness to lie against him at his abortion trial.

"Are you serious?" demanded Asst. Dist. Atty. Alexander Herman, who was cross examining Daniel about the Christmas eve abortion death of his sweetheart, Jacqueline Smith, 20, a native of Lebanon, Pa. "Certainly I am," Daniel replied.

Weird Course
An another point, Daniel's testimony took such a weird course that Herman asked the witness if he ever had been in a mental institution. "Certainly not," Daniel told him with apparent indignation.

FORWARD ON ALL FRONTS — for a bigger and better resort season. So said officials at last night's annual banquet meeting of Eastern Poconos Resort Association. Among principals were the men shown here: Harry Ahnert Jr., Pocono Mountains Vacation Bureau president; Dr. LeRoy Koehler, main speaker; William Altier, EPRA president and Walter Peeney, Pocono Mountains Chamber of Commerce president.

Resort Association Urged To Publicize Area History

"MAKE THE most of our historic surroundings," the Eastern Pocono Resort Association was counseled at its ninth annual banquet in the Glenwood Hotel, Delaware Water Gap, last night.

The suggestion was propounded by Dr. LeRoy J. Koehler, head of the social science department at East Stroudsburg State Teachers College, in a brief address before more than 350 members and guests of the association.

Dr. Koehler mentioned the great interests tourists take in historic landmarks located in easily accessible places, and offered several ideas which he said would prove of lasting value in attracting visitors to the Poconos.

The speaker noted there are three frontier forts in the county that played a vital role in defending this region during the French and Indian War. The story of these forts, which were located in Stroudsburg, Bushkill and the West End, would hold the interest of many tourists if they were better publicized, he said.

Dr. Koehler recalled that Gen. Daniel Brodhead, who commanded Fort Pitt at Pittsburgh during the Revolutionary War, is buried in the Poconos at Milford, and that Sen.

Richard T. Brodhead, the only person from this region who ever served in the U. S. Senate, came from the Eastern Poconos.

He referred to other men of history, including Nicholas DePuy, who arrived at Shawnee in 1725, and Maj. Howe, headmaster at the Glenwood School, who was killed during the Civil War. The school, he recalled, was located in the building where last night's banquet was being held and was founded some 100 years ago.

The Poconos are rich in historical background, Dr. Koehler declared, and urged the resort people to do their part in pointing out these places of interest to tourists.

He closed by congratulating the association members for the impetus they have displayed in preparing for the new resort season in the face of a major setback last fall.

Dr. Koehler was introduced by William J. Altier, Eastern Poconos president, who presided at the banquet officially opening the resort season. Others who were called upon to take a bow were Harry Ahnert Jr., president of Pocono Mountains Vacation Bureau; Walter S. Peeney, president of Chamber of Commerce; Rep. Van D. Yetter (D-Monroe); Sen. William Z. Scott (D-Monroe); Carbon, Pike, Wayne; Merle C. Ostrom, vice president and assistant to the publisher of Ottawa Newspapers-Radio Inc., publishers of The Daily Record; Arthur Howe, president of Pike County Recreation Association; Horace Strunk, executive secretary of Chamber of Commerce and Vacation Bureau; Raymond Irvin, passenger representative, Lackawanna Railroad; Eugene Van Aiken, who is inaugurating a free information bureau for tourists at his service station in East Stroudsburg; and John F. Hill, editor of The Daily Record.

Alfred J. Baxter was chairman of the banquet committee, assisted by Ahnert, Thomas Bridger Jr., Alvin H. DeWitt, Harold T. Hamlen, C. Elwood Hoffman, Jack Shinn and Charles Theodore.

Dumont May Run For Governor

TRENTON, N. J., May 24 (AP) — Senate President Wayne Dumont Jr. (R-Warren) said today he is interested in becoming the Republican candidate for governor next year.

He is the first of several possible candidates to say outright that he is interested in the governorship.

PHILADELPHIA, May 24 (AP) — Six Quakers who toured Russia for a month last year reported today "Americans now have a new and significant opportunity to develop better understanding between the United States and the Soviet Union."

In an 89-page booklet describing their Russian trip, the Quakers said individuals should go beyond "an armed truce in a cold war" which "may well be the best gov-

Army Demands New Type Aircraft

WASHINGTON, May 24 (AP) — The Army flew into a disputed area today with a demand for new aircraft to track missiles capable of plunging far beyond the combat zone assigned to Army aviation.

The claim for longer ranging planes of its own to work with its new missiles was staked in a paper entitled "Army Aviation Fact Sheet."

The paper also posed a requirement for much heavier troop and cargo planes than the Army is permitted to operate under the terms of a 1952 agreement with the Air Force.

Unlike some of the leaked papers that fanned the flames of recent interservice feuding, the Army's new claims were made in a forthright fashion. They were prepared in the office of the director of Army aviation, seen by the Army chief of staff and distributed by the Defense Department.

Although labeled a "fact sheet," the new paper says little about numbers of planes and men or about the organization of Army aviation. It suggests a declaration of doctrine when it states that "certain types of aviation must be 'under the unconditional command' during training and combat, of the field commander."

Wording

In wording suggestive of a declaration of independence for Army air, the paper "demands" of aviators a basic understanding of all phases of ground warfare, plus devotion to the "mission of the Army." It says of its aviators: "The Army's interest must be in the ground, undivided by other allegiances."

The paper stops pointedly short of reopening the old argument for Army control of airborne operations and close air support for front line troops. These tasks were assigned to the Air Force by the Key West agreement of 1948, which spelled out the primary roles and missions of the military services.

But the Army uses its acknowledged supremacy in ground warfare to state requirements for longer-range, larger aircraft. Moreover, would require a far-reaching revision of a formal agreement signed by the Army and the Air Force on Nov. 19, 1952, and hickering about how far the ground force could go in building up its own air power.

Cypriots Stage Riot

NICOSIA, Cyprus, May 24 (AP) — Turkish Cypriots armed with stones and clubs rioted through the streets of Nicosia and Larnaca today, seeking revenge against Greek Cypriots.

Their anger was aroused by the fatal shooting last night of a Turkish Cypriot police sergeant at Polis, a village 60 miles from Nicosia.

In Nicosia, the mobs stoned Greeks and their property. One group attacked with guns, firing from a speeding taxi. British troops armed with tear gas grenades moved in and separated the mob from the Greek Cypriots with a barbed wire fence. Several Greek cars caught on the wrong side of the barricade were battered with stones.

Greek Shot

One Greek was shot and many persons with head wounds were taken to hospitals.

At Larnaca, a port 23 miles from Nicosia, the mobs rushed through the main street smashing windows of Greek shops. Police managed to disperse the rioters. Several persons were injured.

Approve Construction

WASHINGTON, May 24 (AP) — The Senate Public Works subcommittee today approved construction of a Lansford, Pa., Post Office, to cost \$94,000.

Quakers Hopeful Of Improved Understanding

WASHINGTON, May 24 (AP) — Six Quakers who toured Russia for a month last year reported today "Americans now have a new and significant opportunity to develop better understanding between the United States and the Soviet Union."

Commission Dismisses Six

HARRISBURG, May 24 (AP) — Six ranking employees of the Pennsylvania Turnpike Commission were dismissed today in what the agency's chairman described as a "sweeping change."

However, Chairman G. Franklin McSorley said "there were no other changes contemplated at this time."

"This is the first sweeping change in the department," McSorley told newsmen when asked about the reported dismissals.

Until yesterday's appointment of John F. Byrne, Democratic Philadelphia councilman, the Democrats did not hold a voting majority on the commission and, therefore, could not have any dismissals approved.

Those listed by McSorley as dismissed immediately were: Theodore F. Paul, Philadelphia, chief of the commission legal bureau. Paul's dismissal is effective June 15. These other dismissals are effective tomorrow:

Harry C. Pepper, of Telford, Montgomery County, \$10,000 a year legal consultant; Dorothy Rice, Pottsville, secretary to commission chairman, \$4,500 a year; Paul McNeill, Mercersburg, assistant finance director; and Albert R. Michener, Harrisburg, and William H. Jones, Willow Grove, both of the public relations department.

The chairman made the announcement just after Gov. Leader told his weekly news conference that economy in the agency's operation might save millions of dollars and avert a proposed toll hike on the superhighway.

Eisenhower Gives Nudge To Congress

WASHINGTON, May 24 (AP) — President Eisenhower gave Congress a gentle prod today on nearly a score of bills he would like to see passed before adjournment in July.

He did it by releasing through assistant press secretary Murray Snyder a list of pending legislative items in international, national security, government, economic and welfare fields.

Snyder said he was issuing the list in response to inquiries, and that while there was no intention of calling the bills "must" items, Eisenhower regarded them as high points in which he had great interest.

Avoidance
Eisenhower's avoidance of the "must" terminology was in line with his April 4 news conference comment that "I believe that in general the people in Congress are trying to do what they believe to be best for the United States."

That comment was in reply to a question dealing with a statement by presidential aide Sherman Adams that Democrats in Congress were trying to frustrate the White House legislative program in this election year. Congress is controlled by Democrats.

Sen. Lyndon Johnson of Texas, the Senate Democratic leader, said in a statement regarding today's White House list: "Some of the measures that he discusses are virtually certain to be passed in the near future; others are receiving careful consideration by the appropriate committees."

"I think if the President will be patient he will find that at the end of the session, Congress will have enacted a program designed to meet the needs of the American people and to face the problems that are before us."

Wayne County Men Selected
HARRISBURG, May 24 (AP) — Gov. Leader today appointed these county, city, borough and township directors of Civil Defense:

R. H. English, Cresson, and William Wheldon, Lilly, both Cambria County; Dr. Arthur B. Foster, Lawrence County; Charles E. Wray, Sunbury; J. Robert Single, Shanksville, Somerset County; Joseph Cobb, Canaan, W. Va.; Glenn Stratton, Clinton Twp.; Albert Rutledge, Damascus, Twp.; W. Kenneth Bryant, Dyberry Twp.; Andrew Major Jr., Lehigh Twp.; and Eugene T. Latomous, Texas Twp., all Wayne County.

Horst Named To New Post

WASHINGTON, May 24 (AP) — The Agriculture Department today announced the appointment of Miles Horst of Lebanon, Pa., as staff assistant to Secretary of Agriculture Benson.

The department said the appointment is effective June 15.

Stamp Plan Postponed Six Months
HARRISBURG, May 24 (AP) — Gov. Leader today signed into law a series of amendments to the 3 per cent sales tax law, including one to postpone for six months the July 1 effective date for using the stamp plan in collecting the levy.

The stamp plan provides for retailers issuing stamps to consumers as evidence the tax has been paid.

"I do not like the sales tax today any more than I liked it a year ago, two years ago or at any other time," said Leader. "What is more, the stamp tax feature of this offensive levy makes it doubly onerous."

The approval of the clarifying amendments paved the way for the Sales Tax Bureau to complete the job of drafting regulations for collecting the tax necessary at public insistence by the 1955-56 legislature.

The governor also signed legislation to raise 52 million dollars by speeding up collection of the 5 mill capital stock tax.

The state will reach into 1957 to collect 80 per cent of the tax ordinarily not due until next year.

The governor, who lost a fight to impose first a classified income tax and then a manufacturers excise levy, said his signature to these amendments didn't mean a change in his basic opposition to the sales levy.

"Since the people of Pennsylvania are saddled with this method of paying for vital services, I am signing the necessary clarifying amendments but not changing my basic opposition one bit," Leader said.

There was no estimate from either Republican or Democratic sources as to how much the new amendments would increase or decrease the revenue from the sales tax law.

The original law, as it became effective last March 7, was estimated by the Senate Republicans to yield 321 million dollars in the current two-year fiscal period ending May 31, 1957.

Economy League
The Pennsylvania Economy League, a non-partisan, non-profit organization, has since revised the estimate down to 275 million dollars.

The new amendments make certain that industrial machinery — whether used in manufacturing taxable or non-taxable items — will be exempt from the levy.

At the same time the two-dollar license fee required from retailers is eliminated. Retailers who have already paid the fee will receive a credit for that amount on their tax return.

The law also makes certain that rental of taxable items is subject to the tax.

For example, an automobile rental agency that buys an auto does not pay the tax on that purchase. But instead, the levy would apply on the rental fee charged its customers.

Witness Refuses Reply
WASHINGTON, May 24 (AP) — A New York witness refused to tell a House committee today whether he had accused the United States of germ warfare in Korea.

Louis Wheaton, 38, declined to answer any questions by the House Committee on Un-American Activities about where he was or what he was doing during the Korean War.

The witness refused to say whether he was the "Louis Wheaton" charged with broadcasts from Peiping, China, in 1952 accusing the United States of germ warfare and speaking of the "ruthless and inhuman behavior of our forces in Korea."

Charge
"This man was guilty of treason," Rep. Scherer (R-Ohio) declared as the committee resumed hearings centered on the issuance of American passports as related to security problems.

Scherer made the remark after committee counsel Richard Arens read excerpts from speeches he said had been monitored by radio and asked if Wheaton had made them.

Wheaton refused to say on the basis of the First Amendment — freedom of speech — and the Fifth self-incrimination.

"The fact is, you received \$1,000 in American dollars to make two broadcasts from China," said Rep. Walter (D-Pa.), committee chairman.

Two Scranton Men Convicted With Plotting Murder Case

SCRANTON, May 24 (AP)—Two men were convicted today of plotting with a teen-age girl to kill her parents.

Salvatore (Sam) Diana, 21, and John Pitta, 34, were found guilty on charges of conspiracy to murder and assault with intent to kill by a Lackawanna County Criminal Court jury which deliberated less than three hours.

Attorneys for both defendants said they would appeal. Frank J. McDonnell, one of Pitta's attorneys, said he didn't see "how it was possible for the jury to give fair and impartial consideration to such a case in a brief span of less than three hours."

10th Day

The trial was in its tenth day. The state accused Diana and Pitta of plotting with Marlene Chomko, 16, to kill her parents, Diana and Miss Chomko, the state contended, planned to marry on her parents' estate. The plot failed.

Miss Chomko, who has not yet been brought to trial, admitted shooting her mother in the kitchen of their home in nearby Taylor last Jan. 30. She survived. The state charged that the girl and the two men, meanwhile, pursued her father, who was on the highway in one of his trucks, but they failed to find him.

Conference Establishes Aged Home

WILKES-BARRE, Pa., May 24 (AP)—Delegates to the Wyoming Conference of the Methodist Church today approved the establishment of a home for conference members over 65.

They then asked the Commission on World Service and Finance to provide funds for the purchase of a site and for the building of the home. Action on the request was to be taken at tomorrow's session. Well-posted sources said they expected favorable action.

One plan for financing the project is the allocation of \$10,000 a year from benevolence funds until enough money has accumulated to buy property and start the actual work.

Hospitals

Harry E. Brooks, of Scranton, who made the report of the conference Board of Hospitals and Homes, was named president of the Methodist Home for the Aged of the Wyoming Conference. The Rev. Norman W. Clemens, of Wilkes-Barre, and Mrs. C. Fred Chadwick, of Binghamton, N. Y., were named directors of the new corporation.

While the general conference sessions proceeded in nearby Kingston, nearly 1,000 members of the Woman's Society of Christian Service met first in Forty Fort and later in Kingston.

Other officers installed for the 1956-57 term were:

Vice president, Mrs. Earl Browning, Wyalusing; recording secretary, Mrs. Frank Hoffner, Duryea; treasurer, Mrs. George R. Taylor, Forty Fort;

Explorer Scouts Follow Active Plan

BRODHEADSVILLE—Although it is less than a year old, Explorer Scout Troop 96 rates as one of the most active organizations in the West End.

Past activities were reviewed and coming events announced by the troop in a report to the West End Lions Club by Willard Shoemaker. In order to finance some of the Explorer activities, the report said, a waste paper drive has been organized in the West End. So far two collections have netted three tons of paper and magazines. Further collections are planned and anyone having paper to dispose of may contact members of the post or the advisers.

Long Trip

One of Post 96's coming activities is a trip to Canada in which each member is expected to pay his own way. The group will leave Saturday, June 16 and return the following Saturday. They will camp out in tents, and go canoeing and camping. Additional funds are needed to buy tents and food.

Another project being set up is the forest fire-fighting course, an emergency service activity. Any income derived will be added to the post treasury.

Martin Serfass, a West End resident, has given the Explorers permission to use 100 acres of wooded land to develop a camp site. The site is located near McMichaels. So far, the troop has spent two over-night camping trips at the spot, and is building a camp, marking trails and getting acquainted with the outdoors.

One of the post's first activities took place over the Thanksgiving weekend when the boys packed their equipment and spent 24 hours on the famous Appalachian Trail. They left Wind Gap, each with 50 pounds, and walked nine miles to Smith Gap, stayed overnight in 15-degree temperature, cooked three meals and returned the next day.

Aviation

On March 13, the troop joined with 200 other Explorers in attending a course in aviation at Lehigh University. The class continued each Tuesday night for seven weeks and ended with an orientation flight at the A-B-E Airport.

On April 7, the Explorers planted 2,000 seedling trees for John Diebert to earn money for the post treasury. As a part of the Ground Observer Corps, Post 96 was represented at the GOC booth during open house at the Tobyhanna Signal Depot on Armed Forces Day. Other activities in which the Explorers participated were firemen's carnivals, West End Fair, Lehigh

Now It's Laundry Bills

WASHINGTON, May 24 (AP)—Sen. Kerr (D-Okla.) and Sen. Kerr Scott (D-NC) have their troubles with mail and telephone calls. Now it's a laundry bill.

Kerr, writing in his news letter, said his bill got into Scott's mailbox and the North Carolina senator "paid it in routine fashion." The laundry, however, caught the mistake and returned Scott's check.

Statement

Said Kerr: "My good friend Scott of North Carolina has always shown a fine spirit of Southern hospitality and senatorial generosity and he assures me he still would be willing to do just about anything for me except pay my bills."

Turnpike Commission Yields Wisely In Suspending Increase In Car Tolls

The Pennsylvania Turnpike Commission has acted wisely, The Daily Record believes, in reversing its previous decision to increase tolls for passenger cars.

The decision will come up for another review later upon completion of a survey of the commission's operations with an eye to increased economies. The study will be conducted by an industrial engineering firm retained Tuesday by the commission.

An attempt to delay the rate revision was blocked Tuesday when the lone Republican on the commission, James F. Torrance, refused to go along with Chairman G. Franklin McSorley and Highways Secretary Joseph J. Lawler, both Democrats. Three votes were necessary.

On Wednesday, Gov. George M. Leader appointed John F. Byrne, Philadelphia Democrat, to fill a vacancy on the commission, and a 3 to 1 vote for indefinite postponement of the toll revision followed a short time later.

The new action, besides putting off the 12 per cent increase in passenger tolls scheduled for this morning, also stays a 20 per cent reduction in rates on large trucks.

A five-man Senate committee headed by Sen. Robert Fleming (R-Allegheny) is going to investigate the commission's original proposal to boost toll rates. A public hearing will be called, possibly next week, and the commission will hold a special meeting in June in moves to facilitate the Senate committee's inquiry.

The commission is more than six years ahead on retirement of its serial bonds and has approximately \$17,000,000 in its treasury in reserves.

Nevertheless, Chairman McSorley said he doubted whether revision in tolls could be avoided eventually because "we'll be in a technical default to bondholders on July 15." He added that "it's the view of counsel for the bondholders that a revision in tolls cannot be avoided."

Torrance explained the situation by stating "We can't use funds from the 327-mile section from the Ohio line to Valley Forge for anything but the 1948 sinking fund. We've got to try to increase earnings for the three eastern projects" — the Northeast Extension,

Delaware River Extension and Delaware River Bridge.

He added the two extensions did not earn sufficient money to keep a 20 per cent reserve in the sinking fund for bonds sold in 1952. The Northeast Extension, moreover, won't attract heavy patronage until it is completed as far as Scranton late this year.

During the fiscal year ended May 31, 1955, the commission reported a net profit of \$3,420,979. No figures are available for the current year.

It's true the turnpike has lost some of its truck business, but that is not the fault of the passenger car. When the state raised the weight limit for trucks on free highways and set a 60-mile speed limit on Route 22 from Harrisburg to Easton, trucks bound for New York began limiting their use of the turnpike to the mountainous section.

They leave it near Harrisburg for the fast, free road which cuts the distance to New York and saves revenue which had gone to the Turnpike Commission. It is to make up for this loss of business that the commission decided to lower its toll rate for trucks and increase that for passenger cars.

Since the cars now pay a higher toll, based on total weight, than the trucks, the revision as proposed by the commission would make the passenger car subsidize the truck. Furthermore, the agency is throwing the pike open to unrestricted loads on the heavy trucks which are responsible for most of the damage on the superhighway.

Why should the private motorist be required to pay a stiffer toll simply to make it possible for trucks to pay a lower one? That there is no sound reason was brought home strongly to Gov. Leader and the commission by newspapers and other sources immediately after the proposed revision was announced. The commission then moved to reverse its stand pending the Senate inquiry and the engineering survey.

That's where the matter now stands. It is to be hoped that economies can be effected that will make any increase in tolls unnecessary. Surely, the turnpike cannot prosper if the commission insists on driving away business through a lusty 42 per cent boost in passenger car tolls.

George Sokolsky Says...

Russia Looks Upon Britain As Minor Power, At Most A Bridge To Capitalistic World

What is becoming increasingly obvious is that when Bulganin and Khrushchev attended the socialist meeting in London, Khrushchev acted normally; that is, he acted as the Bolshevik boss is impelled to do among a lot of Mensheviks whom he despised as every Bolshevik despises every other kind of Socialist throughout the world. Khrushchev acted in precisely the same way with French Premier Mollet who is also a Socialist but not a Communist.

When the Socialist Democratic Party of Russia split in 1903 into two branches, the Bolsheviks and the Mensheviks, the majority and the minority, a profound hatred developed between them unparalleled among other political parties. Trotsky, who had been a Menshevik prior to the Russian Revolution of 1917, never fully gained the confidence of the Bolsheviks even though Lenin made him the second man in the Communist hierarchy.

The British Labour Party is a socialist party consisting of Fabian Socialists, orthodox Second International Democrats, a few fellow-travelers who are sufficiently left-wing to be regarded as closer to the Communists than they should be. To a Bolshevik boss, such as Khrushchev, is one whose lifework has been in the party apparatus, the very existence of such people is an offense. Therefore, he acted toward them with the bad manners that an underbred person displays when

he finds himself in distasteful company.

The Russian Communists have a particular contempt for the parliamentary system which they have never employed in their own or any satellite country. The last time that anything approaching such a body met in Russia was the Constituent Assembly in 1918 which the Bolsheviks forced to close down. The 20 congresses of the Russian Communist Party have not been parliamentary in form because no opposition to the leadership is tolerated. It is almost impossible to identify an American with Communist leanings by his tendency to oppose the existence of the American Congress, although less is being said about that now than in the 1930's.

The British Socialists are parliamentarians who expect to achieve great social reforms within the limitations of the British Constitution and by parliamentary methods. Whether for better or for worse, they have been very successful and were in control of the British government from 1945 to 1951 when the Conservatives were returned.

Another point needs to be made: Great Britain, for about three centuries, dominated the world not only by superior arms but by unusual capacity in all branches of economy and an extraordinary feeling for order. The Russians look upon Great Britain now as a minor power whose Empire has been broken and is historically lost. To a man of Khrushchev's training, Great Britain is, at most, a bridge to the United States and to the remaining countries of the capitalistic world. Among the capitalistic world, Khrushchev would include all non-Communist

countries even such as regard themselves as Socialistic but are not Bolsheviks.

To Khrushchev such countries as Red China and India are more important than Great Britain and France because of their enormous populations, their raw materials and their potentials in the formation of a complex for world conquest in the Marxist cause.

Those in Britain who believe that they can come to a permanent arrangement with Soviet Russia that can be favorable to Great Britain are only fooling themselves. Sir Anthony Eden seems to be pursuing a course which, while it might temporarily be embarrassing to the British Socialists and to the United States, must ultimately be permanently damaging to Great Britain and possibly to the whole Western world. For he is perhaps inadvertently encouraging the Russians to believe that they can accomplish a separation between Great Britain and the United States with the promise to lesson anti-British developments in the Far East and the Middle East. It may not be the "beginning of the beginning," as Eden suggested; it could be the end of many things.

It is doubtful that Khrushchev can deliver anything helpful to Great Britain in the Cyprus, Egyptian, Singapore or Israel-Arab situations, but Khrushchev can and probably already is at work creating disturbances within the British Labour Party. In such activities, the Bolsheviks are virtuosos. Although such disorders could temporarily strengthen the capitalistic conservatives, to a Bolshevik that is meaningless. They do not dislike conservatives as much as they do different kinds of Socialists.

he not?"

"If a Florida promoter was so slow erecting a new hotel he would be blackballed."

"You are wrong. If the promoter got as much free advertising as Needles has for Florida this chamber would make him its president. And I've news for you... the presidency was offered Needles and he wouldn't take it."

"I bet he was awfully slow deciding."

"True. At the first quarter we thought he had forgotten the matter. At the half mile we felt he had stopped to join the St. Petersburg Rotarians. At the mile he seemed dedicated to the destruction of industry and the profit motive. But he WON in the stretch and took his place as a Floridian beside the avocado, the tangerine, the coconut, the two-decker cabana and the Miami Beach stone-crab dinner."

Recognized Rating Is Suggested For Airlines

About the only way the unseasoned air traveler can learn which airlines give three-star service is by the unofficial grapevine. Somebody who knows a fellow who travels constantly by air has told a pal that this or that line is preferable to such-and-such. Usually the rumors are all too accurate.

But for those without access to grapevine information, it might raise the standards of some wheel-dragging flights if an official rating for excellence, mediocrity, fair and shoddy were available through recognized aeronautics agencies.

Most winged transport is top quality rocking-chair stuff. Schedules are maintained in near monotonous swiftness and safety. In flight, passengers are given gracious attention, from intricate passport-visa-customs assistance to foam rubber footrests to pickled onions in their martinis.

On such a flight there is usually a lucky bonus of being seated by a fascinating bachelor who tells entertaining stories of bear hunting in the Canadian wilds.

Another line operating in the identical territory provides no such combine of luck and luxury. In the minds of passengers, at least, there is even serious question about safety—even though the pilot is within legal standard operating procedure.

Maybe this four-motored plane wasn't overloaded, even with 70 aboard sitting five abreast! Still it lumbered heavily the length of the runway at take off. With one engine dead over the Gulf of Mexico there were 70 passengers who suddenly got interested in life jackets and emergency exits.

But there are a handful of airlines enjoying the same profits in the same territories, without providing the same accommodations. Inept comments from pilots and hostesses during flights which may have encountered mechanical difficulties, indifference to passenger comfort (such as paperless rest rooms, padlocked water coolers, stale sandwiches, broken window curtains and seat levers) and a figure-it-out-for-yourself attitude leave bitter reflection in the minds of first-time air travelers. More seasoned ones never set foot on that line again if they can avoid it.

One subject is anathema to airlines in general—safety. If mentioned at all it is only in statistical generalities. It would seem to me that this underrates passenger intelligence. Rather than waiting until Engine No. 4 conks out to explain that a big ship can stay airborne with two motors, why not make the public aware of the maze of safety potentials known only to the crew as of now? Even today when most people realize flying is safer than yawking, an entire payload sometimes gets jittery only through ignorance. While the pilot sits up front pondering between yawns whether to re-visit the front lawn at home, his passengers are wondering whether their wills are in order and who will take care of the kids.

Flying is great today, and will be phenomenal tomorrow. But I say the public needs a lot more public relations dope to instill confidence, and some means of knowing how individual airlines rate in the run for the money.

Pentagon Brass To Join Nixon At Nuclear Tests

Washington, May 24—An important change is being made in that backstage plan for Vice President Nixon to witness certain of the nuclear tests being conducted in the South Pacific.

Under the revised program, Nixon will be accompanied by a group of top Pentagon and other officials.

Foremost among those whom President Eisenhower has approved are: Defense Secretary Wilson, Atomic Commission Chairman Lewis Strauss, and members of the Joint Chiefs of Staff.

Harold Stassen, special White House assistant for disarmament, is also eager to go, but that is still under discussion.

Main reason for expanding the high-ranking attendance at Eniwetok is to stress the "defensive nature" of the 15 tests remaining on the schedule of "Operation Redwing."

This emphasis was strongly recommended by the National Security Council. The top policy agency advised that special efforts be made to impress on both the people of the U. S. and the world at large that the basic purpose of these tests is to safeguard the country and not to develop weapons of offense.

Depending on weather conditions, Nixon and the others will witness tests slated for mid-June. As reported in this column on May 10, Nixon, upon returning home, will make a nationwide radio-TV broadcast, illustrated with movies and photographs of the spectacular explosions, if available by then.

What's Planned — These experiments will include a number of "firsts." The following can be disclosed regarding them:

A piloted Air Force F-100 interceptor armed with an air-to-air missile with an atomic warhead to shoot down a jet drone carrying an "unarmed" atomic bomb.

If this test proves successful, it will be repeated on a jet drone carrying an "armed" atomic bomb.

An atomic warhead Nike, the Army's controversial anti-aircraft missile, to be fired at a jet drone.

Among other scheduled tests are "pocket-size" thermonuclear weapons. These fantastic hydrogen arms will be in the kiloton range. That is, they have an explosive force equal to thousands of tons of TNT instead of megatons—millions of tons.

The "yield" (explosive power) of the H-bomb tested by air-drop early this week was closer to eight megatons than the reported ten million tons.

This weapon was approximately half as powerful as the first H-bomb exploded by the U. S. on March 1, 1954. Its "yield" was around seventeen million tons of TNT.

On Broadway

Mr. and Mrs. Broadway This observer has witnessed the agony of actors and actresses involved in flops...

frustration — tight-lipped despair — is a bleak and shattering experience... The following memos are submitted — with the hope that the temporarily defeated will find consolation...

find consolation... Ethel Barrymore struggled through two decades of failures... Oscar Hammerstein's zero period endured almost a dozen years...

lucky was so sour she appeared in eight consecutive flops... In the Theatre the Humpty-Dumpties always outnumber Cinderellas.

The \$400,000 "Ziegfeld Follies" (which had to stop for revision) adds another ironic touch to the saga of showman Florenz Ziegfeld... Once No. 1 man in the Girl-Show Dept... Although his name was synonymous with hits and extravagance he died broke...

During his final impoverished days Ziegfeld couldn't promote money for a show... After his passing—executors of his estate were offered miniature Fort Knoxes for use of the title: "Ziegfeld Follies."

Drenched in silver brightness Julie Andrews radiates stardust magic in "My Fair Lady"... Her twinkling triumph, however, is an Oscar

had its origin in a form of tyranny known as Hard Work... She had extreme difficulty with her role during the first rehearsal week... Consequently director Moss Hart devoted 48 hours to coaching her privately... They rehearsed, rehearsed, rehearsed and rehearsed... Every line, every song, every inflection, every movement... Again and again and again... Without sleep and little food... Hart guided, pleaded, reprimanded, they poured their talent and energy into 2 fateful days and nights... Out of that crucible came Charm and Laughter... And the fiery bursts of Stardust.

Helen Hayes' decision to appear in a film is happy news... Movies will again be enriched by her diamond-brilliance... She has renowned movie-making... Her first experience with Hollywood... Mainly because studio bosses constantly prodded her with advice: How to dress. What to say. How she should or shouldn't act... Finally, she exploded: "I've played to more audiences, listening to them laugh, watching them cry, than you'll ever see. Don't tell me!"

After the picture was completed — it was shelved... Most of the executives considered it inept... Months later MGM genius Irving Thalberg looked at it alone in a projection room... He studied the flaws and edited them out... He ordered retakes... Result: For her performance in "The Sign of the Cross" Helen won an Oscar

Muhlenberg College To Turn Coeducational Next Year

BUCK HILL.—The Evangelical Lutheran Ministerium of Pennsylvania ended its week long convocation here at The Inn yesterday with a report which indicated Muhlenberg College would become a coeducational institution next year.

Four Area Students Seek Scholarships

A TOTAL of 300 young men and women, including 71 from this vicinity, have made application for six Pennsylvania Power & Light Company scholarships to be awarded this year. The announcement was made today by Chas. E. Oakes, the utility president, who said that screening of applications in this year's competition is "well along" and winners should be announced shortly.

According to Oakes, the company is again "gratified" at the excellent response to this, the company's third scholarship offering. When this year's winners begin classes this Fall, it will bring to 19 the total number of young people in the utility's service area studying under PPL & L scholarships. Among those already studying in service area colleges and universities are four students from the immediate area — Charles F. Smith of 455 Columbia Ave., Palmetton, a sophomore at Franklin & Marshall College; Caroline Fernandes of 14 Bachman St. Hellertown, a sophomore at Marywood College; W. A. Gallagher, Jr., of 304 S. 16th St. Allentown, Muhlenberg College freshman and Philip C. Desch of 835 N. 26th St. Allentown, a freshman at Lehigh University.

Breakdown
A statistical breakdown of this year's applicants from this area shows that 25 are from Allentown, 18 from Bethlehem, six from Fullerton, five from Catasauqua, three from Palmetton, two from East Stroudsburg, two from Hellertown, two from Slatington and one from each of the following: Coopersburg, East Greenville, North Fogelsville, Northampton, Pennsburg, Perkasie, Stroudsburg and Tannersville. Twenty-one of these applicants are young women.

Further study of the total number of applicants shows that almost one-third of the applicants have specified engineering as their preferred field of study. Under terms of the scholarship competition, applicants are free to pursue any course of study that leads to a baccalaureate degree. The next most popular field is medicine, specified by 28 applicants, fifteen have specified chemistry, nine-law, six-journalism, five-business and five-accounting. The remaining fields chosen range from art and music to biochemistry and meteorology.

Administrator Okays Loans

WENDELL B. Barnes, Administrator of the Small Business Administration, in a move to expedite processing of loan applications by his Agency, authorized 11 of its Branch Offices to approve loans in which the Government advances up to \$15,000.

He said that effective immediately the Branch Managers are authorized to take final action in the limited loan service in which banks participate with a minimum of 25 percent of the total credit approved. In case of a \$20,000 loan, bank participation of not less than \$5,000 is required. In this type of loan the credit may exceed \$20,000, but the maximum Small Business Administration participation cannot exceed \$15,000.

Stroudsburg Man Elected Club Trustee

COLUMBIA — An eight-member board of trustees was elected at a membership meeting of the new Kittatinny Country Club recently and plans were made for the first social event of the season.

Trustees elected were Robert E. Banks, of Stroudsburg; George Coopersmith, Phillipsburg; Robert Jewell, Portland; Clair H. Peltz, Bangor; George Busch, Columbia; Milton L. Gunn, Peapack; George McInerney, Washington, and A. Harry Freedman, Columbia.

Two weeks ago a slate of officers, headed by Banks E. Moyer, of Washington, was elected. Moyer was in charge of the most recent meeting.

Mrs. Gertrude Cornell, of Blairstown, and Banks, co-chairmen of the entertainment committee, announced plans for the social program June 2, which will include a special dinner, dancing, and a special entertainment program in which guests will participate, under the supervision of Mr. and Mrs. Lee Creighton, professional entertainers, of the Star-Time Television Studios, Newark.

Dinner will be served at 7 p. m. with the entertainment and dancing to follow, but the club will be open throughout the day. The event is for members and guests only.

There were about 100 members, guests and visitors at the recent meeting.

Plans For Children

Mrs. Cornell, who is also chairman of the club's Junior Club, announced plans for the nursery and Small Fry Club.

The children's area will be fenced off, and have four separate cabanas for junior and senior girls and boys. It will be under supervision, and will have a separate swimming and wading pool for the youngsters, Mrs. Cornell said. Work on this area is now nearing completion.

Children will not be allowed either at the river beach or the main swimming pool unless accompanied by a parent, who must take responsibility for them.

The children will enjoy the same sports programs as adults with a few exceptions, such as putting, riding and tennis. Junior facilities will include swimming, quoits, ping pong, hand ball and similar activities, all of them supervised. They will also be provided with separate junior membership cards.

The nursery club is open 1 to 6 p. m., and the Junior from one to nine p. m. A special Kiddie Corral for the nursery group will have playground equipment and a wading pool, and will be completely fenced and supervised.

One of the purposes of the Junior Club is so that parents may bring their children to the club and be assured that the latter will be safely cared for and amused while the adults enjoy more sophisticated pleasure, Mrs. Cornell said.

Kramer Hurt In Collision Of Two Cars

RICHARD Kramer, 18, of 39 Rose St., East Stroudsburg, suffered face cuts and a possible skull fracture in a two-vehicle crash in Stroud township at 7:50 a. m. yesterday. He was in good condition last night at General Hospital.

Stroudsburg State police said Kramer was a passenger in a vehicle operated by Robert J. Ascherl, 24 of Stroudsburg RD 2. The Ascherl vehicle and a car operated by Russell Pipher, 39 of 1621 Wallace St., crashed at the intersection of Wallace and LeRoy Ave. in Stroud township.

Dispensary

Mrs. Ruth Pipher, wife of the driver of the second car, was treated for minor cuts at the hospital dispensary. So was Ascherl. Both vehicles arrived at the intersection at the same time, police said. There is no stop sign on either corner at the junction.

East Stroudsburg Elks Busy Preparing For Annual Anniversary Week Observance Party

COMMITTEES of East Stroudsburg Lodge of Elks are busy preparing for the annual anniversary week observance, June 7, 8 and 9.

Regular lodge meeting will be Thursday night, June 7 when final arrangements for the celebration will be announced.

The opening anniversary event will be the dinner Friday, June 8, from 5 to 8

p. m. Plans for the dinner are being handled by the special activities committee, Clifford P. Fansen, chairman. The dinner is for lodge members only. They may order lobster, steak or chicken, which are priced accordingly. May 31 is deadline for making dinner reservations.

Open house anniversary will be observed Saturday night, June 9

which will be in the form of a dance for Elks, their ladies and friends. There will be dancing from 10 p. m. to 2 a. m. with special music and features. There will be no charge of any kind for the dance. Arthur Kitzman and his entertainment committee will have charge of arrangements.

Fred H. Rhodes, exalted ruler, will rule over the regular lodge session.

Court Clears Lows Of Seven Charges

MILFORD — A jury found Arthur Low, 877 Scott St., Stroudsburg and South Sterling, guilty of assault and battery and aggravated assault and battery last night.

Low was charged with assaulting Edwin Dugan, a cottage owner near South Sterling last Aug. 27 in an argument growing out of disagreement over use of a roadway.

At the same time the jury:

Threw out three other assault and battery charges against Arthur Low. Each charge involved a different person other than Low.

Found Russell Low, a brother, not guilty in a charge of assault and battery against Mrs. Samuel Rock, another member of the cottage colony.

The jury was hung in a split decision on the charge of assault and battery and aggravated A and B pressed against Russell Low by Edwin Dugan.

Deliberation

In a period of deliberation which lasted through the day and far into the night, the jury returned its verdict at 10:30 last night in Pike County court.

Defense attorneys for the Low brothers immediately petitioned the court for a new trial. Judge Charles G. Webb, Tioga County, presided over the trial.

In the case of the charges thrown out by the jury against Arthur Low, the following were the plaintiffs: Samuel Rock, Michael Dugan (son of Edwin Dugan) and James Fedigan.

Court directed verdicts of not guilty in the assault and battery charges brought by James Fedigan and Michael Dugan against Russell Low.

Prothonotary Calvin Rosenkrantz said that the case of the two charges against Russell Low on which the jury last night reported itself "hung" would have to be re-tried. The jury was dismissed and discharged after it reported it could not reach a verdict in the Russell Low-Edwin Dugan case.

Dugan was seriously injured in the free-for-all, according to authorities. He suffered fractures of the nose, cheekbone, and jaw and a serious eye injury which resulted

Roan Displays Two New Chess Sets

STROUDSBURG Chess Club members last night at the office of John M. Price, club president, had the pleasure of examining two sets of European pieces brought to the meeting by Bernard J. Roan Barrett Township, Roan bought them during his recent Spring vacation trip to the continent.

A decided novelty is a miniature set designed for carrying on journeys and for use on trains, buses or in hotels. Such small sets are by no means rare but this type was exceptional because of its exquisite carving. The smallest detail, even of the pawns, was carefully executed and no reasonable confusion of pieces was possible. Roan bought the set in Freiberg, Germany.

The session was well attended and playing was lively. Roan tested his new set by beating Earl Weiss in two sessions. Weiss took one game. A. J. Vlossak, Mount Pocono, and Roan played a draw game.

Vlossak won two tough contests from Frank Merwarth, and the latter took one from Vlossak.

Rev. J. Hoseman, Barrett, played three games with Joseph Kushner, the club star, and Kushner won a triple victory. The contests were close throughout.

Gordon Strunk won four games from William P. Deering, veteran player. The latter, however, won two games as a consolation.

Memorial Services Set

PEN ARGYL.—Annual memorial service will be held here at the Fairview Cemetery on Sunday by the Charles Nelson Lobb American Legion Post. Services are scheduled to begin at 4:30 p. m. The Legion band and color guard will take part in the service. Selections will be played by the Wind Gap Drum and Bugle Corps.

Speaker

The Rev. R. W. Musselman, pastor of the First Presbyterian Church, will be the speaker. Miss Sonya Pin and Lewis Lutz will give recitations. Richard Kitto, post chaplain, will offer prayer. The program also includes a salute by a firing squad after which taps will be sounded.

The Lookout Fire Co. amplifier system will be used for the service.

Bushkill Playhouse Lists Slate

PLANS are now developing for a summer theater season at Bushkill Playhouse.

Guiding hand on the producing end of the line will be Mrs. Edith O'Hara. Mrs. O'Hara said last night the Bushkill theater will probably open on June 12 with its first production—John Cecil Holm's "Three Men On A Horse."

Key figure in the 12-week production schedule will be Art Smith, one of America's best-known character actors. Smith will direct and act in most of the productions, Mrs. O'Hara said.

Smith's career as an actor dates back to the founding years of the Group Theater. It was this group—brought together into a cohesive theatrical unit by the economic depression and restrictions of the depression of the 1930's and a social consciousness which brought about a quiet, lasting change in American theater as a whole—which brought the talents of Julius (later John) Garfield, Ella Kazan, Luther Adler and Lee Strasberg into full power in the theater.

Reputation

Smith has since gone on to build an enviable reputation for himself as an actor on Broadway and on the screen. Recently he has appeared in television productions.

According to Mrs. O'Hara—a former actress now married and the mother of three, living in Warren, Pa.—the season's schedule is still not completely set. Among the plays under consideration, she said, are the following:

"Anna Christie" by Eugene O'Neill, one of the Nobel and multiple Pulitzer prize-winning playwright's earlier works; "The Rainmaker," a modern-day comedy fantasy by N. Richard Nash; "Rain," the stage treatment of Somerset Maugham's familiar story; "Time of Your Life," William Saroyan's prize-winning comedy-drama; "Front Page," the daddy of all stories and plays about newspapermen, written by Ben Hecht and the late Charles MacArthur; Sam and Bella Spewack's "Boy Meets Girl"; the late, great Robert Sherwood's melodrama, "The Petrified Forest"; "Dial M for Murder," a mystery suspense drama; William Inge's "Picnic" and F. Hugh Herbert's "The Moon Is Blue."

Two of the most unusual offerings of the season will be widely varied in their appeal.

First

One of these will be a production of William Shakespeare's "Othello," to be produced and directed by Mrs. O'Hara. The production will be the first full-scale Shakespearean offering in the Poconos in recent years.

The second will be a stage version of the old-fashioned temperance lecture, "Ten Nights in A Barroom."

Mrs. O'Hara's plans call for an Equity acting company in all productions. The plays will be given professional treatment, she said last night. Season's tickets will be made available to local residents on a reduced price basis, she announced.

Two East Stroudsburg High Girls Awarded Scholarships

SCHOLARSHIPS TO Susquehanna and Albright have been awarded to Joyce Bond and Katherine Lesoine, two members of the 1956 graduating class at East Stroudsburg Area High School.

According to Ralph O. Burrows, principal and Mrs. Eugene Martin, high school dean of women, both scholarships are for full tuition.

Miss Bonds scholarship to Susquehanna University in Selinsgrove will permit her to continue her studies in the field of music. At the local high school she has been a member of the drill team, the mixed chorus, "The Choraliers," the staff of the "Cavalier," the school yearbook and the senior play cast.

Miss Lesoine will take instruction needed to become a medical technician at Albright College in Reading. At East Stroudsburg High School she has been active in the senior band, on the Girls' Council,

Mrs. Smith To Retire At Polk

KRESGEVILLE — Mrs. Annie Smith, fourth and fifth grade teacher in the Polk Township school, was feted at a special assembly held in the school auditorium this week.

She was presented with a purse by the principal, Harry T. Young, given to her by her former colleagues and the PTA. Mrs. Smith has taught for 27 years and will retire as of June 1.

Brief Remarks

She responded briefly by expressing her thanks and reminding the audience she would always cherish the pleasant memories of the 10 years as a member of the Polk Township faculty.

Mrs. Arlington Martin was elected as her successor.

Washington, the U.S. Capital, has over 300 conventions a year.

Mr. and Mrs. Frank Hackstaff, of Red Bank, N. J., have removed their large blue and white trailer that was parked on William Heister's picnic grounds all winter. The Hackstaffs left the trailer here while they took a vacation in Florida. Mr. Hackstaff is employed with bridge construction work.

The animals of the Wild Animal Farm on Foxtown Hill Road were being unloaded Tuesday morning, after being away in winter quarters for months. So far it had been too cold to put the monkeys and tropical animals into their summer homes. The farm opened May 5 and already many big loads of school children from Pennsylvania and other states have visited it as part of the pupils' education.

THE NEWLY installed officers of the Altar and Rosary Society of St. Matthew's Roman Catholic Church are shown at the May dinner this week. Seated were Mrs. Truman Burnett, vice-president; the Right Reverend Monsignor Dennis J. Kane, main speaker; Reverend Harold G. Durkin, moderator; Mrs. Thomas Leonard, president; standing, Mrs. Rose Kennedy, secretary; Miss Clara Lombardi, treasurer; and Mrs. Walter J. Grelkowski, financial secretary.

Altar, Rosary Dinner For 140 Members

The 12th annual May dinner of the Altar and Rosary Society of St. Matthew's Roman Catholic Church was held on Wednesday, May 23, at the Bartonville Hotel. There were 140 members and guests present.

Rev. Harold G. Durkin, the moderator, gave the opening prayer.

Following the dinner, Mrs. William A. Hannas, program chairman, introduced the Terotta Sisters (Marie and Joan) who presented the following selections: "Side by Side," "He," "Two Lost Sheep," "Sorrento," "I Get Lonely," and "When Day Is Done." Their accompanist was Tony Costa.

Mrs. Adolph A. Oppel, president, welcomed the members and guests.

Mrs. Henry R. Baustein, chairman of the auditing committee, presented the auditor's report. Mrs. A. M. Hickey and Miss Hilda Ryan were also on this committee.

Mrs. A. M. Hickey, past president, installed the following officers: President, Mrs. Thomas Leonard; vice-president, Mrs. Truman Burnett; secretary, Mrs. Rose Kennedy; treasurer, Mrs. Clara Lombardi; financial secretary, Mrs. Walter J. Grelkowski.

Mrs. Leonard introduced the following executive board: Past Presidents, Mrs. Harry J. Bush Sr., Mrs. Henry Hefele, Mrs. William A. Hannas, Mrs. A. M. Hickey, Mrs. George Rung, Mrs. Theodore Viednicki, Mrs. Adolph A. Oppel; altars, Mrs. Paul D. Whelan; program, Mrs. Joseph Kuchinski; music, Mrs. A. M. Hickey; and means, Mrs. Arthur J. Blewett Jr.; hospitality, Mrs. Joseph J. DeVivo; sick, Mrs. Edwin J. Hermanns; publicity, Mrs. Arthur G. Fry Jr.; membership, Mrs. George Haack for East Stroudsburg and Mrs. John R. Hauser for Stroudsburg.

Mrs. Hannas presented the Right Reverend Monsignor Dennis J. Kane, pastor of St. Gabriel's Church, Hazleton. Msgr. Kane, recalling the days 35 years ago when he was serving in the Moscow, Gouldsboro and Tobyhanna area, said: "It is amazing what 35 years have brought in the high standing of the Catholics in this community." He congratulated Rev. H. G. Durkin and the priests of St. Matthew's and the officers who have been head of the Altar and Rosary as being responsible for the fine strides which have been made.

"The Blessed Virgin will always have reason to smile upon St. Matthew's," he said, "as long as the Society continues in their good work."

Rev. Harold Durkin also paid tribute to the women for the good work they have done, and praised Msgr. Kane for the work he has accomplished in the Diocese. He thanked the retiring officers and challenged the incoming officers. Rev. Francis Barrett and Rev. John Esseff also spoke briefly.

Rev. Francis Barrett and Rev. John Esseff were called upon and offered brief remarks.

Prizes were awarded to the oldest member present, Mrs. Anthony DeLuca Sr., and to the mother of the most children, Mrs. Francis Ashcroft.

The closing prayer was given by Rev. Barrett.

Mrs. Grelkowski, chairman of the May Dinner, was assisted by the following committee: Program, Mrs. William A. Hannas; arrangements, Mrs. Arthur G. Fry, chairman, Mrs. Edward K. Driebe; music, Mrs. Arthur C.

Just Between Us

—By Bobby Westbrook

"When lilacs in the door-yard bloomed—" springs unbidden to your mind these May evenings when the scent of lilacs hangs heavy in the chill air—even on Main Street where paved alleys and garages have still not crowded the lilac bushes out of what used to be back-yard gardens.

As a matter of fact you can still find grape arbors and beds of lily-of-the-valley, harking back to the days when the roads were dirt and the water wagons went by sprinkling the dust to keep it down, within a stone's throw of Main Street, even with my throwing arm.

But then alleyways and backyards have always been more fascinating to me than the main streets and the new store fronts. It is there that a town reveals its origin and where you can recapture a sense of leisure.

Wedding At Bushkill This Morning

Bushkill — Miss Wilma Ruth Mostert, daughter of Mr. and Mrs. Matthew Mostert, of Delhi, N. Y., will be married this morning at 11 a. m. in the Dutch Reformed Church of Bushkill, to Joshua Heller, son of Mrs. Edna Brodhead Heller.

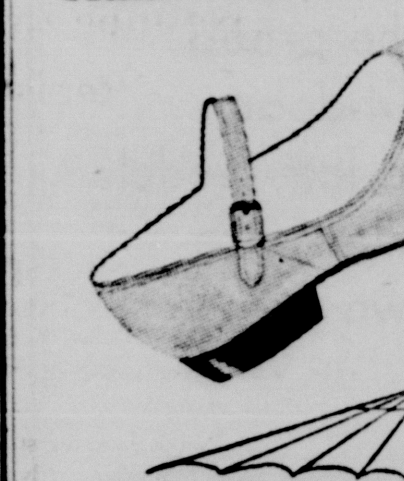

Rev. John H. Lackey will perform the ceremony, and all their friends are invited.

Anytime that you are still, particularly in the heart-stabbing beauty of Spring, you can feel coming through a sense of the innate "tears of things," a homesickness for a place and a time you never knew. Which is probably why we chatter so much and keep so busy.

And why I am grateful for two pages to fill with news, comforting in its continuity.

Fellow Workers Honor Miss Ace, To Wed Saturday

Mrs. Vera Greenamoyer entertained the girls of Line Material Company offices at a hot dog roast at her new home in Saylorsburg on Tuesday. At that time a miscellaneous bridal shower was given to Miss Yondale Ace who is being married on Saturday, May 26.

The following attended: Marie Cavanaugh, Gerry Freeman, Barbara Wright, Virginia Miller, Janet Donovan, Betty Morgan, Doris Frear, Betty Stringer, Mabel Bishong, Della Kober, Dorothy Storms, Dolly Sobrinsky, Helen Predmore, Fay Seawood, Natalie Smale, Clara Lombardi, Florence Smith, Yondale Ace and the hostesses, Pat Van Buskirk, Mary Kishbaugh and Vera Greenamoyer.

Unable to attend but sending gifts were Josephine McGowan, Mary Kearney and Mrs. LaBare.

Later refreshments of ice cream and cake were served.

My very first hobby, as I recall, was the collecting of miniature glass and porcelain animals. That was years ago—when I was young enough to delight in gee-gaws without worrying about how much dust they'd collect. My collection, once begun, expanded by leaps and bounds until I had a menagerie of several hundred skunks, giraffes, elephants, dogs, cats, and just about anything else you'd find in circus or zoo. Then, of a sudden, they began to disappear... all but the cream of the crop proved expendable. Later, even these last few were disposed of in one way and another. Only one very old, very much prized pink bisque pig remained.

I was thinking of this yesterday when I visited the receiving room, and found Rae Hartz looping strangled price tags around the legs of the teeniest chicks, bunnies, and birds you've ever seen. These, she tells me, had from California... and they're entrancing enough to make me wish that my little girl would develop an interest in collecting this same type of knick-knacks I once prized so highly.

Considered individually, these are real works of art. Grouped, they form the cutest animal families one could possibly imagine. There's a tiny duck with a boy's sailor cap, and his sister, in a pretty bonnet. There's a larger mother duck with a long-stemmed flower in her hat. One bunny is very feminine and coy, with droopy lashes and a flirtatious smirk. There is a devil-may-care mate for her, of course, and the cutest baby bunny you could hope to find outside of a Disney cartoon. There are kangaroos too—baby and mama; something I never owned, for my search for them years ago netted nothing.

If I could turn back the clock... but I can't... I'd love owning them all. Today, I think first of the money they'd cost, and the dust they'd collect. Nevertheless, I shall wholeheartedly give my consent if my little girl goes on a collecting binge. After all, dust means nothing to her. Neither does money, for that matter!

But you're surprised that, with all the new merchandise arriving at Wyckoff's, I'd have so little to say this morning. I could tell you about all the new cut crystal vases and pitchers from Germany... all the breathtakingly lovely decorator vases and pitchers of clear-cut green glass from Italy with such unusual detailing as birds at the rim and handles that curve out at unusual angles... I could tell you about the... But I won't. Sometimes I get awfully tired of writing. Why don't you come in and explore?

Graduates Guests Of Mothers

Brookheadville — The seniors of Chestnuthill High School were honored on Monday night at a graduation party given in their honor by the senior class mothers. The party was held at the home of Nancy Reinhart, one of the seniors.

Decorations were in the class colors of blue and gold. The dining room had been transformed with blue and gold streamers with a great "diploma" as the center of interest. A buffet supper was served climaxed by a huge CHS cake decorated in the class colors. Even the punch was gold, and yellow tulips and dogwood in profusion carried out the theme.

Games and dancing, music and singing were enjoyed. The class prophesied in poem form and including a suitable gift for each senior was featured, and the corsages of yellow roses, the class flower were presented to each graduate by one of the mothers. As a specialty number Mrs. Harold Everett presented the record "Graduation Day".

Every senior was present for the party. They are: Edward Rauss, Thomas Shultz, Kent Borney, Clair Altenose, Harold Burkett, Lee Hoffman, Lee Everett, Larry Bond, Larry Eckman, Donnie Beck, Mary Brands, Margaret Overpeck, Shirley Adams and the hostess, Nancy Reinhart. Other guests included Greta Ewe, Kay Bush, Nancy Heller and Layton Smale.

The seniors will hold their commencement this Friday night at 8 p. m. in the Chestnuthill High School, Brookheadville.

PLYMOUTH

OFFICIAL JACKPOT RULES

1. Contest is open to any person in U. S. or its territories who owns any make, model or year passenger car registered in his or her name, except employees and their immediate families of Plymouth Motor Corporation, Plymouth Division of Chrysler Corporation, its advertising agencies, the American Mailers and Binders, and Plymouth dealers.

2. There's nothing to buy. Take your registration certificate or any document proving legal ownership of your car to any Plymouth dealer. Register on the entry blank the state license plate number of your car, its make, model and year.

3. Fill in on the drawing of the standard Push-Button drive selector the designations of the push buttons in the proper locations. These designations are: "N" for Neutral, "L" for Low, "D" for Drive and "R" for Reverse. This must be done completely and correctly for your entry to be eligible for drawing of winners.

4. Enter your name and address where indicated on the entry blank and have your entry signed or otherwise validated by a Plymouth dealer or salesman. Place your entry in official contest entry box.

5. Winners will be selected by a random drawing by the American Mailers and Binders, an independent judging organization. Decisions of the judges will be final.

6. All entries become the property of Plymouth Division of Chrysler Corporation and none will be returned. Plymouth and its advertising agencies will not enter into correspondence with any contestant, except winners.

7. Contest opens at beginning of dealer's business day, May 25, 1956. Entries must be placed in entry box before close of dealer's business day, July 14, 1956.

8. Winners will be notified by mail by September 14, 1956. Names and addresses of winners will be posted in Plymouth dealerships. Prizes will be awarded at Detroit, Michigan.

9. Contest subject to all Federal, State and local regulations.

TANNERSVILLE'S Pocono Mountain Little League team has a baseball phenom in the person of pitcher George Rinker. Not that the little tike has retired 18 batters in a row on strikes, nor hurled two straight no-hitters but he has revealed something that is almost unheard of in this day and age.

Nine-year-old George throws equally as well with either arm, an asset in itself. In this day of platooning ball players (stacking a righthanded batting order against a southpaw pitcher and visa versa) George will be at a percentage-wise advantage over the opposition.

Whether it works out as he goes along only time will tell. But one thing is sure no manager in the Pocono Mountain Little League is going to pull a righthanded or lefthanded batter just to get the "jump" on young Rinker. All he has to do is turn around on the mound and meet the situation the way he knows best—with his right or left arm.

One of the best awards to come out of anywhere in these United States is the annual Tom Waring citation for the athlete who shows the best scholastic ability at Stroudsburg High during the year.

The presentation, one of the highlights of the Varsity "S" Association of Stroudsburg all-sports fete, will be made at the group's affair May 31 at the Stroudsburg YMCA.

So many of our present-day honorings are based on a boy's all-time and all-time with little thought of academic standing. However, the Waring award takes care of this. It is a real honor for the boy upon whom it will be bestowed.

If Elio Ghigerelli, the Old Forge High football and basketball coach, wants the Carbondale High School gridiron vacancy, it is his for the asking.

Carbondale officials, especially the school board, openly admit that they are after the services of "Gig," who has had wonderful success coaching the Blue Devils of suburban Scranton.

The only drawback is that Old Forge moguls may feel Elio is worth keeping and offer the Scranton area's winningest coach more cash to remain at home. But, if our judge of people is correct, the Pioneer City brass will top any figure with the idea of getting back on the gridiron map.

There's one thing that is in evidence, Ghigerelli won't find the grass as green (material-wise) in Carbondale.

In a little "off the record" golf match at the Indian Mountain Golf Club, near Kresgeville, Clint Beseker and Wayne Metzger nosed out by a stroke Alvin Tranter and Babe Metzger.

In another "clash" Harry Werkheiser, Clair Bloss, Abe Beseker and Sonny Landis played to a "deadlock" after 27 holes.

John Wernett, the energetic secretary of the Pocono Mountain Baseball League, reports that several major league clubs have been sending scouts from their organizations for look-overs at a few of the PMLF participants.

The major "bird-dogs" reportedly eyeing area diamond hopefuls are affiliates of Milwaukee Braves, Philadelphia Phillies, Detroit Tigers and New York Yankees.

Conley Set To Pitch

MILWAUKEE, May 24 (P)—Right hander Gene Conley of the Milwaukee Braves today was taken off the disabled list and will be ready to pitch "any time Manager Charlie Grimm needs him."

The Chicago Cubs have won 36 opening day games in the National League. They have lost 20 and tied one.

'Mahatma' Chuckles On Each Buc Win

By JOE BRADIS
PITTSBURGH, May 24 (P)—

Every time the Pittsburgh Pirates grab another victory in their climb from the National League cellar, the Mahatma chuckles.

The Mahatma, in case you've forgotten, is cagey Branch Rickey Sr., former general manager of the Pirates. He now is retired and continues in an advisory and scouting capacity.

"They better look out," Rickey chortled today after returning from a combined pleasure-scouting trip to find the Pirates only 1½ games out of first place. "We could really raise a rumpus in 1957."

Rickey, who masterminded St. Louis and Brooklyn to National League pennants, stepped down at the end of the 1955 season after five years with cellar-dwelling Pittsburgh clubs.

But the guy with the bushy eyebrows and the big cigars predicted then that sooner or later the Pittsburgh team would no longer be the doormat.

"I'm not surprised to find the Pirates right there," said Rickey fumbling with a cigar. "If our offensive holds up, we could make the first division this year."

The pitching is not as good as I expected. Last April and again in mid-summer and last fall I said the Pirates' pitching staff would be a surprise.

"But it is not up to form. Dick Hall's been a big disappointment. He's not in condition to pitch. He's got as equalities to be the ace of aces."

"The big surprise to me is the offense. It is better than I expected. Dale Long and Lee Walls needed confidence at the plate. They got it now and are hitting."

"If our pitching continues to improve, we'll go well. We've had some tough luck with Bob Purkey, Bob Garber and Joe Trimble. All have been out with some injury or another."

"Then there's Lauren Pepper," continued Rickey. "I think these guys are great. I think they're going to get better. Bob Friend—well, he's great already."

"Bill Virdon's got a chance for greatness. He can hit, run and field. Hank Folles—why he's beyond words. We've been after him for a long time."

"And Bobby Bragan. Why he's the very best manipulator of manpower I've ever seen. He's not the manager he has four years ago. He's a modernist."

"Judas Priest, we're out of the woods," exclaimed Rickey. "It's no surprise to me. You'll be hearing about the Pirates for a long time."

Olympic Hope Sowell To Stick To Half Mile

NEW YORK, May 24 (P)—Pittsburgh's Arnie Sowell, America's top hope for the Olympic 800-meter run, will concentrate on the half mile and anchor Pitt's mile relay team in the IC4A track and field championships Friday and Saturday at Randall's Island.

Pitt Coach Carl Olson advised Meet Director Asa Bushnell today that the slender senior will shoot for a third consecutive 880-yard title. The 5-11, 135-pound comet is out to equal the three-straight record set by John Woodruff, another Pitt great, who won the Olympic title and captured the IC4A 880 championships in 1937, 1938 and 1939.

Woodruff never had the competition in his college years that Sowell has had. Pushed by Fordham's Tom Courtney, Sowell broke the IC4A record two years ago with a 1:50.3 clocking and smashed that last year with a 1:49.1 performance.

Against Delany
This year Arnie will match strides with Ron Delany, Villanova's need miler who will be shooting for a mile and half-mile double, a feat that has been accomplished six times. Besides Delany, Sowell will be pushed by Syracuse's Les Vielbig and Manhattan's Tom Murphy, both better than 1:53 half-milers.

NCAA Group To Pick Nines For Tourney

EASTON—As the time to choose the three "at-large" teams for the District 2, NCAA, baseball playoffs draws near, more contenders have entered the field, to make the selection committee's task far from easy.

The fourth team in the playoffs will be from the Middle Atlantic Collegiate Conference, to be picked by a conference committee. Lafayette and Delaware are the main contenders.

The district committee will meet here Monday to select the "at-large" teams. The playoffs will be held at the Allentown Eastern League ball park on June 1 and 2, with the winner to represent the district in the College World Series in Omaha, Neb.

1 In Contention
At least seven teams are in contention for the "at-large" spots. Ithaca College, in the playoffs last year, but off to a poor start this season by dropping 4 of the first 5 games, has come along with a rush to win 12 straight and now boasts a 13-4 record and figures to be in the running.

Upsala College (17-4), Penn State (15-3), St. John's of Brooklyn (15-3), and New York University (14-4) have the best records in the district, but Princeton (11-5), tied for first place in the Ivy League, and Duquesne (10-0) also are contenders.

Committee
William H. Anderson, Lafayette director of athletics, heads the selection committee. Other members are Walter McLaughlin, of St. John's; Everett Barnes, of Colgate; and Joe Bedenk, of Penn State.

Lehigh Names Halfacre Aide Of Frosh Team

BETHLEHEM—The appointment of a freshman football coaching staff at Lehigh University was announced today by Gen. P. L. Sadler, director of intercollegiate athletics and physical education.

Frank R. Maze, head football coach at Colby College, Maine, for the past four years, will become head freshman football coach. He will succeed Raymond J. Whipple, who resigned last winter to become head football coach at Muhlenberg College.

Back Field Coach
George F. Halfacre, football coach the past four seasons at nearby Hellertown High School, will join the staff as freshman backfield coach. In addition, he will coach freshman basketball and track squads.

Halfacre has taught social studies and mathematics at Hellertown High School following his graduation from Lehigh in 1950. During World War II, he served with the Naval Air Force.

Radio, TV
The 10-round match will be carried on network radio and television (NBC) starting at 9 p.m. EST. Under New York rules, scoring will be by rounds with a supplementary point system. A referee and two judges will officiate.

Ted Moreland of the West Virginia University rifle team fired 140 consecutive bulls eyes from the prone position. He is a sophomore.

Mickey Mantle Slams 17th, Leads Yanks To 11-4 Victory

DETROIT, May 24 (P)—Mickey Mantle crashed his 17th home run and four singles today in pacing the league-leading New York Yankees to a 11-4 triumph over the sixth-place Detroit Tigers.

Mantle's splurge hiked his batting average to .421, tops in the major leagues. Big Eddie Robinson, a terror in Briggs Stadium last year, hit his first home run and he picked a spot with three men aboard to do it.

Joe Colling and Andy Carey also hit solo home runs for the Bombers, who racked up five Detroit pitchers in a 17-hit burst.

Tom Sturdivant held the Tigers to two hits over the final 5 1/3 innings and allowed no runs in recording his third victory against a single loss. Bob Turley, the Yankee starter, failed to last for the fifth time in six starts.

The fire-balling righthander held the Tigers hitless until the third inning, then gave up two walks and three singles, good for three runs. Turley permitted the Tigers a run in the first inning when Harvey Kuenn walked, stole second and third and scored on a sacrifice fly.

Terry's Claim
Terry's claim that he had been forced to fight by Commissioner Alfred E. Klein although ill brought about state Senate approval of an investigation of boxing.

"It still appears to me that this was a deliberate setup to attempt to embarrass the athletic commission," the governor declared.

He distributed copies of Terry's statement and also forms signed by two doctors the night of the fight. They both attested that Terry was in "good physical condition to engage in a pugilistic encounter."

Knocked Out
Terry was knocked out in a fight with Dick Kelly and then contended that he was ill.

Redskins, Lions Card Exhibition
DETROIT, May 24 (P)—The Detroit Lions and the Washington Redskins today completed plans for a professional football exhibition game in Buffalo, N.Y., on Sunday, Sept. 22.

The contest, sponsored by the Buffalo Jaycees, will be played in Civic Stadium. It will be the third exhibition meeting between the two clubs. In 1953, Detroit whipped the Redskins 31-17 in Buffalo. Last season, in Mobile, Ala., the Lions won 17-14.

BUDDY POPPIES SYMBOL OF A NATION'S DEVOTION

Emblem of the dead and dying on the fields of Flanders in 1918, the V.F.W. Buddy Poppy has been glorified by the American people as their "Flower of Remembrance."

Down through the years, ever since 1922 to be exact, the V.F.W. Buddy Poppy has given to all patriotic citizens—rich and poor alike—their chance to honor the dead by helping the living.

The annual sale of Buddy Poppies serves two great purposes. It fosters the beautiful custom of wearing these little flowers, once each year, in mute salute to the memory of America's honored dead; it provides the funds that are required to serve the daily personal needs of the nation's disabled and needy veterans, and their dependents.

There are millions of unfortunate veterans—as well as widows and orphans and dependent parents—who are unable to qualify for government aid.

Why? Mainly because the government itself—in time of war—has never been able to maintain accurate records on the physical welfare of each individual in uniform.

Through no fault of their own, these veterans—many of them the victims of the lingering effects of exposure, shock and malnutrition—are unable to qualify for help from their government because their service records fail to confirm the origin of their ailments.

Your support of the annual sale of Buddy Poppies makes it possible for the Veterans of Foreign Wars to maintain its great, nationwide program of free rehabilitation service to the millions of needy veterans.

Every dime or dollar which you may give in exchange for a Buddy Poppy goes into a special sacred fund—one that will be spent for nothing but the relief and rehabilitation of America's disabled veterans, and their needy loved ones.

Remember the dead who are buried near the battlefields where they died, or in our cemeteries here at home. Let's do them honor by helping the living!

For the aid, relief and comfort of disabled and needy veterans, their dependents, or their widows and orphans.

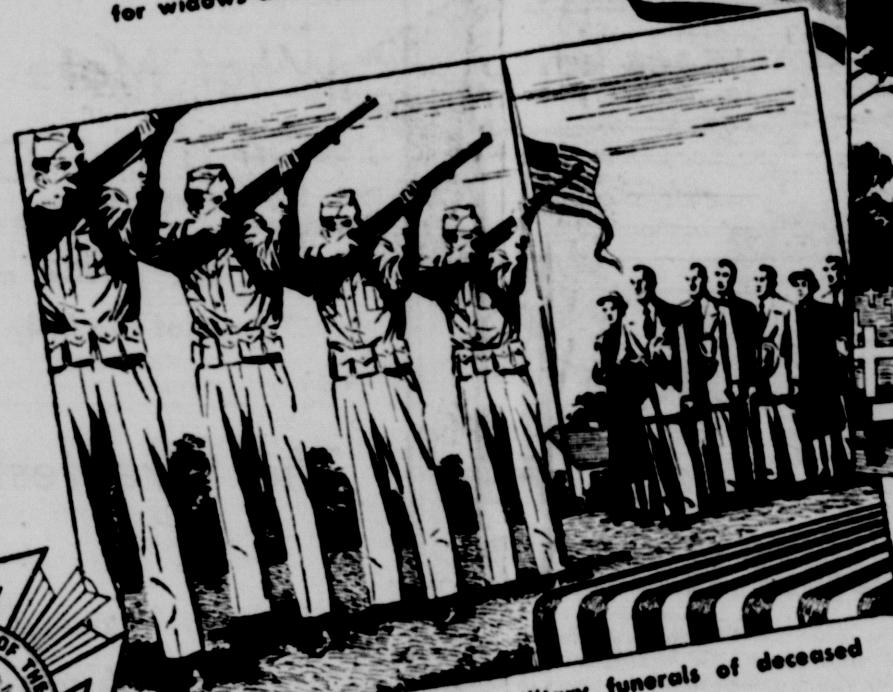

For hospital entertainment, for needy veterans and service patients.

For maintenance or expansion of the V.F.W. National Home for widows and orphans of veterans at Eaton Rapids, Mich.

For rehabilitation, welfare and service work, including liaison service with the Veterans Administration.

For necessary expenses for military funerals of deceased veterans.

For acquisition, improvement and maintenance of burial plots and the decoration of graves of veterans and servicemen.

The Green Thumb

Fescue Grass Recommended
To Home-Lawn Growers;
Crabapple Trees Popular

THIS DEPARTMENT has been asked if the Fescue grasses are desirable in the home lawn. We've all heard a lot about the Bluegrasses and others but the Fescues are seldom mentioned. They are a very important family of turf grasses. The Red Fescue, or Creeping Red Fescue, is probably the most popular. It has a horticultural variety which we like. Chewings Fescue is really another strain of Red Fescue. Fescues form a moderately thick

turf and are tolerant of sandy and other dry soils. They are relatively drought-resistant and shade-tolerant and will withstand considerable neglect. They do not like alkaline (sweet) soils and will tolerate fairly acid soils. So if you have a Fescue lawn, don't bother to lime it.

The Fescues do not green up very early in the spring but usually do remain green late in the summer when other grasses have become dormant and dried up. Fescues will die if cut very close, or over watered. Disadvantages: Fescues are very tough and hard to mow, especially with dull or poorly adjusted mowers. Fescues are known as "wire grass" because of their toughness. But don't let this discourage you from putting in Fescue. It makes a fine grass, ideal for sandy soils that dry up each summer.

Flowering Crabs

If you're looking for a small, handsome tree (15 ft.) for the home lawn, why not try the flowering crabapple? There are many kinds. The Hopa Crab has deep red blossoms that completely cover the tree. Foliage is dark green with reddish cast. Tree has tiny red apples ideal for jellies. If you want a flowering crab that puts on a real show, but produces no fruit then try the Bechtel Crab. It has large double pink, rose-like flowers, and the tree blooms year after year. Bechtel Crab is a natural sport, producing double flowers, so if you're one of those gardeners who object to dropping fruits, you'll be glad to have a Bechtel Crab in your lawn. It does not produce fruit.

Pea Maggots

Did your garden peas have tiny holes in them last year? If so, it's the work of the pea maggot. The adult weevil pierces the winter under trash in the field, etc., and flies into the pea patch about the time blossoms appear. Control: Dust peas with malathion when about 50 per cent of the peas are in full bloom, and before many pods are formed. Give another dose 5 to 7 days later, particularly for mid-season and late-maturing varieties.

Drycleaners To Clean Flags Free

AREA DRYCLEANERS affiliated with the National Institute of Drycleaning have agreed to clean without charge any American flag in return for the owner's promise to fly it on national holidays.

This free flag-cleaning program is part of a nationwide drive to give "New Glory to Old Glory" sponsored by the institute. The American Legion's national commander has asked local post commanders to cooperate in the venture.

Red, white and blue window posters to identify drycleaners participating in this program have been provided by the institute. Citizens are urged to take their flag to any cleaner displaying the poster and it will be cleaned free.

The Legion has available a leaflet suitable for insertion by drycleaners when they return the cleaned flags. Entitled "Let's Be Right on Flag Etiquette," it contains the flag law and interpretations for displaying the flag properly.

The Legion's current slogan is "Fly Freedom's Flag."

Richard B. Walters of RD 3, Stroudsburg, has qualified as a member of the 1955 Star Club of the New York Life Insurance Co. according to J. Gordon Dye, general manager of the company's Scranton branch.

Membership in the Star Club is based on 1955 sales records and is composed of the most successful agents of New York Life, which has a field force of 5,500 full-time agents in 179 branch offices throughout the United States, Canada and Hawaii. Walters is with the Scranton branch office.

As a member of the Star Club Walters also will attend an educational conference in Dixville Notch, N. H., June 24 to June 27.

Earnings accruing to the common stock of Pennsylvania Power & Light Company for the twelve months ended April 30, 1956 were \$19,119,889, equivalent to \$3.23 per share of common stock outstanding at such date, as compared with \$18,047,584 or \$3.06 per share for the twelve months ended April 30, 1955. Earnings for both periods include earnings of former subsidiary, The Scranton Electric Company, (merged January 31, 1956) and restated earnings of the former Pennsylvania Water & Power Company (merged June 1, 1955) for applicable periods prior to merger.

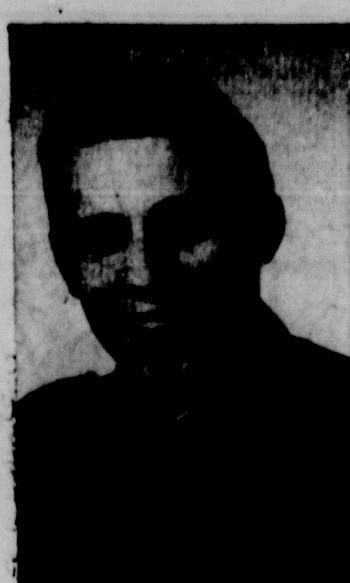

Revenues for the twelve months ended April 30, 1956 on the same basis were \$125,645,085, an increase of 7.8% over comparable revenues for the previous year.

Woman Loses Dog

NAARDEN, Netherlands, May 24 (AP)—The World Federation for the Protection of Animals notes that an Englishman, a Mrs. Playfair of St. Martin's on the Channel Isle of Jersey, lost her dog at Port Sudan on the Red Sea during a recent voyage from Pakistan. It says she is flying back in an effort to find it and asks members there to help.

Betty Sargent

William Thek

East Stroudsburg Students To Enter Salvation Army

WORD HAS BEEN received by Captain Charles Baker, of the Salvation Army, that Betty Sargent, of 400 Lincoln Ave., and William Thek, of 7 Day St., both of East Stroudsburg, have been accepted by the Candidate Board of Territorial Headquarters in New York for the next session of the organization's Officers' Training School in New York City.

Both of these young people are active in the local Corps program. Both are band members and Sunday School teachers. Miss Sargent is also a Sunbeam Leader and is a graduate Corps Cadet. Thek is responsible for the Stofflet St. Sunday School, and assists in the weekly service at the Monroe County Jail.

Programs

Both young people have participated in the various youth programs of the Salvation Army during the years. Several months ago, the desire for officership and the inner conviction of God's leadership in this direction led them to apply for officership.

Both young people will graduate from East Stroudsburg High School in June. Betty is employed by J.

Bangor High To Present Festival

BANGOR — A 95-voice Mixed Chorus, the Prep Band made up of elementary students, and the Columbus School Elementary Chorus will be featured for the first time at the annual Music Festival to be held by the Bangor Area Joint Schools in the high school auditorium today at 8 p.m.

Bangor High School Band; the Harmonettes, a girls septet; the Orpheus Club, a girls chorus; will be other units featured on the program.

An interlude of organ music will precede the program beginning at 7:30 p.m. Organists will include Deanna Short, Marilyn Mahus, Janet Wills, Lois Reimer and Robert Miller.

Program

The high school band will play popular tunes, favorite marches, and a special arrangement of the Lost Chord Selection. The prep band will play several marches and a special rendition of the "Rock and Roll Waltz."

Two instrumentalists, Joseph Powlette, trumpet, and Donald Keat, saxophone solo and national all-around winner, will also be featured on the program.

The program will be under the direction of Miss K. May Eschenbach, music instructor, and Kenneth L. Fritz, instrumental instructor.

A big help if you're trying to remove a little spilled candle wax from a table top is to hold an ice cube on the wax for a few seconds—but wipe up melted ice immediately so there won't be any water spots.

Miss Smedley Receives Gold Deeds Award

PEN ARGYL — Miss Mary Smedley, school nurse for the Pen Argyl, Portland, East Bangor and Wind Gap Schools was honored at the Exchange Club's Award Dinner held Wednesday at the Richmond Church, Richmond.

The program began with the invocation by Dr. Charles Kittlo. Following the dinner the high school vocal trio sang various selections. The trio consists of Ann Lugg, Priscilla Sandt and Joann Harrier. Sherward Case, president of the Exchange Club, welcomed the group and introduced the guests and speakers.

Dr. W. E. Muth, supervising principal of the Pen Argyl Area Joint High School, presented Miss Smedley with the Golden Deeds Award. Dr. C. F. Stofflet presented her with the Golden Deeds Citation and after Miss Smedley received a golden watch and a golden picture frame.

Speaker

Robert N. Taylor, Superintendent of Northampton County Schools addressed the group. Following Mr. Taylor's speech, remarks were made by the following: George Grinn, past superintendent of Northampton County Schools; Rev. R. W. Musselman, pastor of Pen Argyl Presbyterian Church; Clarence Reichard, president of the Pennsylvania State Exchange Club, and Mr. George Desh, Governor of District Four, National Exchange Club.

The Golden Awards Committee is composed of the following: Dr. Muth, Harry Stofflet, Garfield Williams, Harold Albert, Paul

Marines To Sign Applicants At Post Office

SGT. EDWARD E. SMITH, local Marine Corps Recruiter, announced today that applications will be accepted Saturday at the Post Office Building between the hours of 9 a. m. and 3:30 p. m., from high school seniors desiring to enlist in the Marine Corps after graduation.

Sgt. Smith stated that a two-year enlistment is now available as well as a three and four year enlistment. Seniors enlisting under this two year program will be processed during the remainder of the month of May for enlistment on any day after graduation that they may select.

Parris Island

The men enlisted will report to Marine Corps Recruit Depot, Parris Island, S. C., for recruit training. At the end of their training they will receive 10 days leave to visit families and friends after which some men will report to one of the 140 different specialist schools which train Marines for 470 specialist jobs. Others will be reporting to new stations for duty with the U. S. Marine Corps.

Depends On Street Side

GRAND BEND, Ont., May 24 (AP)—It may be legal to drink on one side of the main street here and not on the other.

Huron County is one of the two in Canada still operating under the Temperance Act. In 1951 Lambton County annexed part of the village north of the main street.

The Ontario Court of Appeal has just reserved judgment on whether the annex area is still dry.

Morgan and Sherward Case, Previous recipients of the Golden Deeds Award were Dr. C. F. Stofflet and Harold Young.

One estimate is that a quarter of the world's electricity will be produced by atomic energy in 1975.

Rumors Of Romance

RABAT, Morocco, May 24 (AP)—

The visit of Iraq's 21-year-old King Faisal to Rabat has touched off rumors that he may marry the pretty Princess Lallaicha, eldest

daughter of Sultan Mohammed ben Youssef. Faisal arrives Friday as personal guest of the Sultan.

Stock Market Stumbles Into Sharp Setback

NEW YORK, May 24 (P) — A steadily declining stock market stumbled badly near the close today and took its sharpest setback since May 10.

In the heaviest burst of selling of the week, leading issues took losses of 1 to 4 points.

The ticker tape lagged behind three minutes near the close in reporting transactions from the floor.

The market was mixed at the start and made a faint-hearted attempt at a rally in mid-morning but this died almost as soon as it was born.

From then on the decline was steady. Trading activity picked up whenever prices weakened, slowed down when they firmed—a bearish sign.

The Associated Press average of 60 stocks fell \$2.50 to \$177.60, its lowest point since Feb. 21, more than a week before President Eisenhower said he would run for re-election.

The industrial component slipped \$3.90, the rails \$2.60 and the utilities 20 cents.

The decline was also the broadest since May 10, with 1,210 issues traded. Of these there were 866 declines and only 130 advances. Only four stocks reached new highs for the year while 178 sank to new lows.

Trading volume totaled 2,600,000 shares. The drop in the average represented an estimated loss of nearly three billion dollars in the quoted value of stocks listed on the New York Stock Exchange.

While there were plenty of bearish statements from national figures to prompt the decline, most market analysts were inclined to regard the break as a technical matter. They noted that the averages had tested and broken through a "floor," and refused to rally from it. They looked for the establishment of a new "floor" from which a vigorous rally could be launched.

Art Exhibit Featured At Pen Argyl

PEN ARGYL — An Art Exhibit was held Thursday night at the Mc Kinley and Garfield Buildings of the Pen Argyl Area Joint High School. Grades kindergarten through the seventh participated with each teacher in charge of their own grade and all under the direction of Marilyn Schadt, art instructor at Pen Argyl High School.

The type of works displayed were tempera paintings, water color paintings, cut paper murals, crayon drawings on sandpaper, stencil drawings, posters, spring floral displays and oil paintings.

Success

Considering that Miss Schadt has been on the faculty since February the exhibit was a huge success with scores of parents and friends attending.

The U.S. "auto laundry" industry takes in 120 million dollars a year.

'Friendship With Everybody' One Of Weakest Facets In American Foreign Policy Structure

By J. M. ROBERTS
Associated Press News Analyst
WHEN President Eisenhower says the United States is trying to be friends with everybody he touches one of the most difficult and one of the weakest facets of American foreign policy.

Qualified leadership hardly ever succeeds in being friends with everybody. In attempting to it may fail in friendship with anybody.

There is a difference between friendship and an even-handed leadership in international affairs. What the President was saying was that the United States sought to avoid involvement in controversies between those with whom she sought friendship.

More Difficult

This is more difficult in international than in personal relationships.

One of the chief embarrassments of the United States over a period of years has been to maintain her position with Europe's colony-holding powers without abandoning her traditional sympathy for the underdog and her belief in self-determination of peoples.

She has stepped in twice in disputes involving colonialism or hegemony. She helped the Indonesians obtain independence, and her advice went far toward the British-Egyptian settlement of their military treaty dispute. She earned no profits in either case from either side.

By not stepping into other disputes, the United States, since she is publicly allied with and aiding the economies of the colonial powers, has acquired the taint of colonialism herself in the eyes of many Asians and Africans.

Thought

There is a serious school of thought which contends that, instead of trying to be neutral on problems which arise between

component parts of the free world, the United States should actively follow her conscience. This is the role of leadership, rather than the role of mediation.

They point out that Americans are inclined to take the attitude that those who are not with them in the cold war are against them. That means submerged peoples must be granted the right to feel the same way about those who are not with them in their revolution against European hegemony.

The overwhelming difficulty, of course, is that much of Europe's strength depends upon its economic relationships with these submerged and now emerging areas. One of the chief Russian objectives is to rupture these relations.

Roseto To Play Host To Convention

ROSETO — Martoeel-Capobianco Post 750, American Legion, will be host June 30 for the three-county district convention.

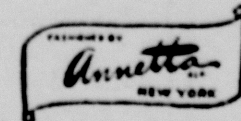

Twenty-seven Legion posts will participate in the seventh annual affair. All are expected to be represented in the parade which will mark the close of the convention. The Ladies Auxiliary of the local post is planning to prepare and serve dinner to the visiting Legionnaires.

causing a European collapse, instead of letting them be worked out gradually.
